

Ashlynn S. Stillwell

ashlynn@illinois.edu University of Illinois Urbana-Champaign
217-244-6507 Department of Civil and Environmental Engineering
217-333-0687 (fax) 205 N. Mathews Ave, Urbana IL 61801

stillwell.cee.illinois.edu

Education

- 2013 Ph.D. Civil Engineering, The University of Texas at Austin
Dissertation: *Water Impacts on Thermoelectric Power Generation* (Advisor: Michael E. Webber)
- 2010 M.S. Environmental and Water Resources Engineering, The University of Texas at Austin
Thesis: *Energy-Water Nexus in Texas*
- 2010 M.P.Aff. Public Affairs, The University of Texas at Austin
- 2006 B.S. Chemical Engineering (Environmental Emphasis), University of Missouri, Columbia
Summa cum laude

Academic and professional experience

- since 2019 Associate Professor; Civil and Environmental Engineering; University of Illinois Urbana-Champaign; Urbana, IL
- since 2017 Affiliate; Electrical and Computer Engineering; University of Illinois Urbana-Champaign; Urbana, IL
- since 2022 Affiliate; Center for Social and Behavioral Science; University of Illinois Urbana-Champaign; Urbana, IL
- since 2023 Associate Professor; Institute for Sustainability, Energy, and Environment; University of Illinois Urbana-Champaign; Urbana, IL
- 2013–2019 Assistant Professor; Civil and Environmental Engineering; University of Illinois Urbana-Champaign; Urbana, IL
- 2015–2018 Assistant Professor; Institute for Sustainability, Energy, and Environment; University of Illinois Urbana-Champaign; Urbana, IL
- 2007–2013 Graduate Research Assistant; Civil, Architectural, and Environmental Engineering; The University of Texas at Austin; Austin, TX
- 2009 Summer Research Fellow; Congressional Research Service; Washington, D.C.
- 2006–2007 Assistant Chemical Engineer; Burns & McDonnell; Kansas City, MO
- 2004–2006 Undergraduate Research Assistant; Chemical Engineering; University of Missouri; Columbia, MO

Honors and awards

- since 2019 Elaine F. and William J. Hall Excellence Faculty Scholar in CEE, University of Illinois Urbana-Champaign
- 2023 Thanks Badge, Girl Scouts of Central Illinois, Girl Scouts of the USA
- 2022–2023 Earth Leadership Program Fellow, Future Earth
- 2014–2022 List of Teachers Ranked as Excellent by their Students, University of Illinois Urbana-Champaign
- 2022 Invited session organizer, China-America Frontiers of Engineering Symposium, National Academy of Engineering
- 2022 Best Policy Oriented Paper Award, *Journal of Water Resources Planning and Management*, American Society of Civil Engineers

- 2021 Best Paper Award, *Journal of Sustainable Water in the Built Environment*, American Society of Civil Engineers
- 2019 Invited speaker, Arab-American Frontiers of Science, Engineering, and Medicine Symposium, National Academies of Science, Engineering, and Medicine
- 2019 Universities Council on Water Resources Early Career Award for Applied Research
- 2018 Association of Environmental Engineering and Science Professors Award for Outstanding Teaching in Environmental Engineering and Science
- 2018 Invited participant, Japan-America Frontiers of Engineering Symposium, National Academy of Engineering
- 2018 Rose Award for Teaching Excellence, University of Illinois Urbana-Champaign
- 2018 Theta Chapter of Alpha Omega Epsilon Amy L. Devine Award (for contribution to the University of Illinois Urbana-Champaign, engineering students, and the engineering profession)
- 2017–2019 Sinai and Synapses Fellowship
- 2016 *Environmental Science & Technology* Excellence in Review Award
- 2015 Girl Scouts of Central Illinois Woman of Distinction Award for STEM
- 2015 CEE Excellence Award on Undergraduate Advising and Mentoring, University of Illinois Urbana-Champaign
- 2011 American Water Works Association Academic Achievement Award, Second Place Master's Thesis
- 2009–2012 National Science Foundation Graduate Research Fellowship
- 2006 Mizzou '39 (group of 39 outstanding seniors from the University of Missouri)

Professional certifications

- 2006 Engineer Intern — Engineer in Training (EIT), effective July 28, 2006

Research funding

(TOTAL FUNDING: \$5,092,108; TOTAL STILLWELL PORTION: \$1,535,036)

- 2022–2023 *Towards linking water quality and consumption variability in water systems.*
Taylor Geospatial Institute, St. Louis University
Role: Principal Investigator; Total funding: \$69,735
- 2022 *Effectiveness of feedback in reducing water and energy use in residence hall showers.*
University of Illinois Urbana-Champaign Student Sustainability Committee
Role: Principal Investigator; Total funding: \$9,972
Co-PI: Vica Otrubina (M.S. student), Department of Civil and Environmental Engineering; University of Illinois Urbana-Champaign
- 2021–2022 *Assessing the Feasibility of Non-Potable Water Reuse in Illinois.*
Illinois Water Resources Center
Role: Principal Investigator; Total funding: \$30,000
Co-PI: Allisa Hastie (M.S. student), Department of Civil and Environmental Engineering; University of Illinois Urbana-Champaign
- 2021 *RURAL: Resilient Urban-Rural Analysis for Livability.*
University of Illinois Urbana-Champaign, Institute for Sustainability, Energy, and Environment
Role: Co-Principal Investigator; Total funding: \$30,000
PI: Amy Ando, Department of Agricultural and Consumer Economics; University of Illinois Urbana-Champaign
- 2020–2024 *EFRI DChEM: Renewable Energy Driven Electrocatalytic Co-Conversion of CO₂ and Regional Feedstocks to Chemicals and Fuels.*

National Science Foundation

Role: Co-Principal Investigator; Total funding: \$1,999,090 (Stillwell portion: \$325,410)

PI: David Flaherty, Department of Chemical and Biomolecular Engineering; University of Illinois Urbana-Champaign

2020–2025 *CIRCLE: Center for Infrastructure Resilience in Cities as Livable Environments.*

Zhejiang University-University of Illinois Urbana-Champaign Institute; Dynamic Research Enterprise for Multidisciplinary Engineering Sciences

Role: Co-Principal Investigator; Total funding: \$1,500,000 (Stillwell portion: \$239,470)

PI: Billie F. Spencer, Jr., Department of Civil and Environmental Engineering; University of Illinois Urbana-Champaign

2020–2021 *Modeling the Effects of Green Stormwater Infrastructure Implementation on Urban Hydrology and Urban Heat Islands in Illinois.*

Illinois Water Resources Center

Role: Co-Principal Investigator; Total funding: \$30,000 (Stillwell portion: \$16,925)

PI: Lei Zhao, Department of Civil and Environmental Engineering; University of Illinois Urbana-Champaign

2019–2020 *Exposure of Urban Food-Energy-Water (FEW) Systems to Water Scarcity.*

Zhejiang University-University of Illinois at Urbana-Champaign Institute

Role: Co-Principal Investigator; Total funding: \$74,958 (Stillwell portion: \$22,458)

PI: Megan Konar, Department of Civil and Environmental Engineering; University of Illinois Urbana-Champaign

2019–2020 *Conference: Challenges to and Opportunities for Resilience in Rapidly Developing Urban Corridors.*

National Science Foundation

Role: Co-Principal Investigator; Total funding: \$49,925 (Stillwell portion: \$1,500)

PI: Jay Banner, Department of Geological Sciences; The University of Texas at Austin

2019–2020 *Estimating Residential Hot Water Use from Smart Electricity Data.*

Illinois Water Resources Center

Role: Principal Investigator; Total funding: \$30,000

Co-PI: Joseph Bongungu (M.S. student), Department of Civil and Environmental Engineering; University of Illinois Urbana-Champaign

2019–2024 *CAREER: Water and Energy Sustainability in the Built Environment: Systems Science for the Blue City.*

National Science Foundation

Role: Principal Investigator; Total funding: \$508,546

2018–2020 *Hydrogeologic Soil Research for Green Stormwater Infrastructure Planning and Design: New Methods for Adapting Coastal Communities.*

Illinois-Indiana Sea Grant

Role: Co-Principal Investigator; Total funding: \$265,717 (Stillwell portion: \$58,307)

PI: Mary Pat McGuire, Department of Landscape Architecture; University of Illinois Urbana-Champaign

2018 *Exploratory Analysis of Household Energy Use with Big Data.*

University of Illinois Urbana-Champaign, Center for Applied Collaboration on Human Environments

Role: Principal Investigator; Total funding: \$23,593

Co-PI: Paul Francisco, Applied Research Institute; University of Illinois Urbana-Champaign

2017–2018 *Modeling the Integration of Green Infrastructure into Urban Landscapes Using a Reliability-Based Framework.*

Illinois Water Resources Center

Role: Principal Investigator; Total funding: \$30,000
 Co-PI: Reshmina William (Ph.D. student), Department of Civil and Environmental Engineering; University of Illinois Urbana-Champaign

2015–2018 *Interdependent Critical Infrastructure Systems for Synergized Utilization of Multiple Energy Sources Toward Sustainable Vehicular Transportation.*

University of Illinois Urbana-Champaign, Institute for Sustainability, Energy, and Environment

Role: Co-Principal Investigator; Total funding: \$350,000 (Stillwell portion: \$78,548)

PI: Thomas Overbye, Department of Electrical and Computer Engineering; University of Illinois Urbana-Champaign

2015–2016 *Characterizing the Performance and Cost-Effectiveness of Energy and Water Efficiency Measures in Buildings.*
 Siebel Energy Institute

Role: Principal Investigator; Total funding: \$25,000

Co-PI: Philip Krein, Department of Electrical and Computer Engineering; University of Illinois Urbana-Champaign

2015–2016 *Modeling and Prediction of Watershed-Scale Dynamics of Consumptive Water Reuse for Power Plant Cooling.*
 Illinois Water Resources Center

Role: Principal Investigator; Total funding: \$30,000

Co-PI: Zachary Barker (M.S. student), Department of Civil and Environmental Engineering; University of Illinois Urbana-Champaign

2014–2015 *Estimating Current and Future Impacts of Power Plants on Water Quantity and Quality in Large River Systems.*
 National Great Rivers Research & Education Center

Role: Principal Investigator; Total funding: \$35,572

Co-PI: Zhenxing Zhang, Illinois State Water Survey; University of Illinois Urbana-Champaign

Peer-reviewed journal publications

(PUBLICATIONS WITH ADVISED STUDENTS/POST-DOCS* AS NOTED; CORRESPONDING AUTHOR[†] AS NOTED)

Invited talks

75. “Water and the Grid: Virtual water in the context of electricity.” Energy Engineering seminar, Cornell University, Ithaca, NY, USA, April 13, 2023.
74. “Writing in Engineering and Policy, Case Briefs: Experience from CEE 433: Water Technology and Policy.” Civil Engineering Education Summit, American Society of Civil Engineers and Clemson University, Clemson, SC, USA, April 3, 2023.
73. “Household Energy-Water Nexus: Perspective from the U.S. residential sector.” Safety, Health, and Environmental Engineering seminar, National Kaohsiung University of Science and Technology, Kaohsiung, Taiwan, March 8, 2023.
72. “Water, Energy, Economy: A regional U.S. perspective on sustainability.” Graduate Institute of Environmental Engineering seminar, National Taiwan University, Taipei, Taiwan, March 7, 2023.
71. “Lowering CO₂ Emissions by Focusing on Water.” Southern Illinois University Edwardsville Energy Symposium webinar, virtual, December 1, 2022.
70. “The Water Sector’s Role in Energy Sustainability.” Invited Keynote at Illinois Wastewater Professionals Conference, Springfield, IL, USA, April 25, 2022.
69. “Water and Energy at the Residential Scale: Fine-Resolution Data Collection, Use, and Insights.” U.S. Environmental Protection Agency / Environmental and Water Resources Institute Premise Plumbing Modeling webinar, virtual, April 25, 2022.
68. “Water-Energy Nexus at the Residential Scale: Meter-Level Opportunities and Challenges.” NSF Hot Water Workshop, virtual, February 11, 2022.
67. “Learning from Smart Meter Data: Trends, Drivers, and End Uses of Electricity.” Zhejiang University International Campus annual workshop, virtual, January 7, 2022.
66. “Food-Energy-Water in U.S. Cities: Leveraging Data for Sustainability.” National Taiwan University Food-Energy-Water Workshop, virtual, December 6, 2021.
65. “Quantifying water and energy flows in the U.S. residential environment.” Chinese Society for Industrial Ecology seminar, virtual, November 22, 2021.
64. “Putting the “me” in meter: Smart meter data and the residential energy-water nexus.” Interdisciplinary Training, Education, and Research in Food-Energy-Water Systems (InTERFEWS) program seminar, Colorado State University, Fort Collins, CO, USA, November 17, 2021.
63. “A U.S. Perspective on Urban Metabolism: Moving Toward Smarter Cities.” Technische Universität Berlin ide3a Smart Cities short course, virtual, November 12, 2021.
62. “Water We Doing at Home? Water and Energy in the Residential Environment.” Energy, Environmental & Chemical Engineering Seminar, Washington University in St. Louis, St. Louis, MO, USA, October 8, 2021.
61. “Human Water Systems Across Scales: From the Household to the City.” Invited presentation at International Symposium on Water Systems Operations, virtual, September 2, 2021.

60. "Smarter Cities and the Energy-Water Nexus." Current Third Coast Seminar Series, Chicago, IL, USA, July 28, 2021.
59. "At Home with the Water-Energy Nexus: Water and Energy in the Residential Environment." Engineering Systems and Environment Graduate Colloquium Distinguished Seminar, Engineering Systems and Environment, University of Virginia, Charlottesville, VA, USA, March 12, 2021.
58. "The Role of Metering in Smart Water" (in collaboration with Zachary Barkjohn, Xylem Inc.). Chicago Chapter EWRI Technical Workshop Series, Chicago, IL, USA, February 24, 2021.
57. "Water We Doing at Home? Water and Energy in the Residential Environment." Environmental and Water Resources Engineering Seminar, Civil and Environmental Engineering, University of Massachusetts Amherst, Amherst, MA, USA, February 19, 2021.
56. "Using Residential Water Data for Customized Efficiency and Conservation Recommendations." Invited presentation at American Institute of Chemical Engineers 3rd Annual Water Conference, virtual, December 2, 2020.
55. "Data-Driven Sustainable Cities: Energy and Water in the Urban Environment." Biomedical, Biological, and Chemical Engineering Department Seminar, University of Missouri, Columbia, MO, USA, December 1, 2020.
54. "Context for Residential Water Use: Customizing Conservation and Efficiency Recommendations." Contextual Engineering Workshop, University of Illinois Urbana-Champaign, Urbana, IL, USA, July 29, 2020.
53. "Analyzing the Economic Value of Thermal Power Plant Cooling Water." 2nd Workshop on Water-Energy-Food Nexus, Public University of Navarre, Pamplona, Spain, June 3, 2020.
52. "Energy, Water, and "Smart" Cities: Learning from Data (or lack thereof)." Civil and Environmental Engineering Department Seminar, Carnegie Mellon University, Pittsburgh, PA, USA, April 24, 2020.
51. "Historic Data for an Uncertain Future: Sustainable Management of Water, Energy, and Food." Arab-American Frontiers of Science, Engineering, and Medicine Symposium, Cairo, Egypt, November 17, 2019.
50. "There's No Such Thing as Luck." Invited Keynote at U.S. Army Engineer Research and Development Center Women's Symposium, Construction Engineering Research Laboratory, Champaign, IL, USA, April 24, 2019.
49. "Defying Engineering Boundaries." Invited Keynote at Engineering Open House, University of Illinois Urbana-Champaign, Urbana, IL, USA, March 8, 2019.
48. "Water, Energy, and the Built Environment: Resource Links at the City and Household Scales." Civil and Environmental Engineering Seminar, University of Iowa, Iowa City, IA, USA, November 30, 2018.
47. "Greening the Urban Environment: Understanding Green Infrastructure Performance." Civil and Materials Engineering Department Seminar, University of Illinois at Chicago, Chicago, IL, USA, November 9, 2018.
46. "Energy/Water Conservation and Efficiency." University of Illinois Solar Decathlon Team, Urbana, IL, USA, October 11, 2018.
45. "U.S. Urban Water and its Role in Energy Sustainability." Institute for Sustainability, Energy, and Environment Congress *Sustainable Cities*, University of Illinois Urbana-Champaign, Urbana, IL, USA, October 4,

2018.

44. “Energy and Water Sustainability in Cities.” National Socio-Environmental Synthesis Center, University of Maryland, Annapolis, MD, USA, March 6, 2018.
43. “Analyzing the Energy-Water Nexus in the Built Environment.” Association of Environmental Engineering and Science Professors Workshop, Purdue University, West Lafayette, IN, USA, February 2, 2018.
42. “Sustainability in Research and Policy: or “A scientist goes to Washington” ...” Keynote at Sustainability and Science Policy Workshop, University of Illinois Urbana-Champaign, Urbana, IL, USA, September 21, 2017.
41. “Water for Sustainable Development.” Invited panel at World Environmental and Water Resources Congress, American Society of Civil Engineers, Environmental and Water Resources Institute, Sacramento, CA, USA, May 23, 2017.
40. “Framing the Food-Energy-Water Nexus.” Infrastructure and Environmental Management Systems Program Seminar, University of North Carolina, Charlotte, NC, USA, March 23, 2017.
39. “Exploring the Energy-Water Nexus in Urban Environments.” Northwestern University, Environmental Engineering and Science seminar, Evanston, IL, USA, January 6, 2017.
38. “Energy and water sustainability in urban environments.” Missouri University of Science and Technology, Environmental Research Center seminar, Rolla, MO, USA, October 21, 2016.
37. “Energy and Water in a Changing World.” Association of Professional Energy Consultants, seminar, Normal, IL, USA, October 4, 2016.
36. “Water Energy Nexus.” Invited panel at World Environmental and Water Resources Congress, American Society of Civil Engineers, Environmental and Water Resources Institute, West Palm Beach, FL, USA, May 25, 2016.
35. “The Energy-Water Nexus and the “New” Environmental Engineer.” Association of Environmental Engineering and Science Professors, NSF-AEESP Grand Challenges Workshop, Rice University, Houston, TX, USA, April 1, 2016.
34. “The Energy-Water Nexus: A Holistic Perspective.” Pacific Gas & Electric, Water Conservation Showcase, San Francisco, CA, USA, March 22, 2016.
33. “Sustainable Cities and the Energy-Water Nexus.” Indian Institute of Science, seminar, Bangalore, Karnataka, India, March 11, 2016.
32. “Energy and Water: Analysis of Interrelated Systems.” University of North Carolina at Chapel Hill, seminar, Chapel Hill, NC, USA, January 28, 2016.
31. “The Water-Energy Nexus and the Built Environment.” University of Kansas, Design Challenges and Innovation at the Nexus of Food + Energy + Water workshop, Lawrence, KS, USA, January 21, 2016.
30. “Water and Electricity: Multi-scale systems analysis of related resources.” Pacific Northwest National Laboratory, Joint Global Change Research Institute, College Park, MD, USA, October 30, 2015.

29. "Multi-Scale Systems Analysis and the Energy-Water Nexus." Institute for Sustainability, Energy, and Environment Congress *Water Planet, Water Crisis?*, University of Illinois Urbana-Champaign, Urbana, IL, USA, September 15, 2015.
28. "Water, Energy, and a Sustainable Future: An Interdisciplinary Approach." Engineering Sustainability Conference invited panel, University of Pittsburgh and Carnegie Mellon University, Pittsburgh, PA, USA, April 21, 2015.
27. "The Energy-Water Nexus in a Changing World." Champaign County Sustainability Network lunch, Champaign, IL, USA, April 16, 2015.
26. "Sustainability in a Changing World: Energy, Water, and the Environment." Keynote at Environmental Engineering and Science Symposium, University of Illinois Urbana-Champaign, Champaign, IL, USA, April 9, 2015.
25. "Managing the Energy-Water Nexus in Urban Environments." U.S. Army Corps of Engineers Construction Engineering Research Laboratory seminar, Champaign, IL, USA, April 8, 2015.
24. "The Water/Energy Nexus: Sample Interdisciplinary Systems Analysis." Champaign-Urbana Hydraulic Engineering Luncheon, Urbana, IL, USA, November 20, 2014.
23. "Civil Engineering and Interdisciplinary Systems Analysis: The Energy-Water Nexus as an Example." Civil, Architectural, and Environmental Engineering Seminar, Illinois Institute of Technology, Chicago, IL, USA, November 11, 2014.
22. "Infrastructure and the Energy-Water Nexus: Managing Related Resources." Infrastructure and Environmental Management Systems Program Seminar, University of North Carolina, Charlotte, Charlotte, NC, USA, October 28, 2014.
21. "The Energy-Water Nexus and the Role of Civil Engineers: Interdisciplinary Systems Analysis." Civil, Environmental, and Architectural Engineering Joint Hydrologic and Environmental Engineering Seminar, University of Colorado Boulder, Boulder, CO, USA, September 26, 2014.
20. "Infrastructure in a Changing Climate: The Energy-Water Nexus and Infrastructure Vulnerability." Atmospheric Science Colloquia, University of Illinois Urbana-Champaign, Urbana, IL, USA, September 17, 2014.
19. "Energy's Role in National Water Policy." Elements of National Water Policy: Understanding the Complexity panel, AGU Science Policy Conference, Washington, D.C., USA, June 17, 2014.
18. "Water and Energy." Panel discussion at World Water Forum Symposium, World Environmental and Water Resources Congress, Portland, OR, USA, June 2, 2014.
17. "Sustainability and the Energy-Water Nexus." U.S. Green Building Council Student Sustainability Initiatives Symposium, Urbana, IL, USA, April 5, 2014.
16. "Systems Analysis of the Energy-Water Nexus: Engineering, Policy, and Economy." Program for Environmental and Resource Economics, University of Illinois Urbana-Champaign, Urbana, IL, USA, April 1, 2014.
15. "Systems Analysis of the Energy-Water Nexus: Integrating Resources, Policy, and Economics." Argonne National Laboratory, Argonne, IL, USA, February 13, 2014.

14. “Energy, Water, and Policy: Supporting Decision-Making with Systems Analysis.” Illinois State Geological Survey, Champaign, IL, USA, February 3, 2014.
13. “Water: Life and Death.” Earth Day Social Justice Feature, First United Methodist Church, Austin, TX, USA, April 21, 2013.
12. “Water-Energy Tradeoffs.” G’Day USA United States — Australia Dialogue: Practical Solutions for Managing the Energy-Water Nexus, San Francisco, CA, USA, January 14, 2013.
11. “Water’s Role in Thermoelectric Power Generation: Texas and Beyond.” American Bar Association Section of the Environment, Energy, and Resources, 20th Section Fall Meeting, Austin, TX, USA, October 11, 2012.
10. “Energy-Water Nexus in Texas.” Austin Power Lunch, Austin, TX, USA, April 10, 2012.
9. “Energy-Water Nexus: Energy for Water.” Water Law, Texas Tech University School of Law (online guest lecture), April 2, 2012.
8. “The Nexus of Energy & Water.” Texas Rainwater Catchment Association Annual Meeting, San Marcos, TX, USA, March 31, 2012.

Teaching

- 2014–2023 Instructor, *CEE 433 (formerly CEE 498 WT3/WT4) Water Technology & Policy*, University of Illinois Urbana-Champaign
Lecture-discussion course for upper-level undergraduates and graduate students in Civil and Environmental Engineering; Class includes field trips, guest speakers, and an individual analytical project with podcast; Evaluation: 4.7–5/5 (instructor), 4.4–5/5 (course)
- 2018–2020 Instructor, *CEE 340 Energy and Global Environment*, University of Illinois Urbana-Champaign
Lecture-project course for junior-level undergraduate students in Civil and Environmental Engineering; Class content is an overview of local and global impacts of energy production and consumption; Evaluation: 4.8–4.9/5 (instructor), 4.7/5 (course)
- 2016–2017 Instructor, *CEE 598 SH Stochastic Hydrology*, University of Illinois Urbana-Champaign
Lecture course for graduate students in Civil and Environmental Engineering; Class content is statistical theory and methods application to hydrology; Evaluation: 4.3–4.7/5 (instructor), 4.6–4.8/5 (course)
- 2015, 2017, 2022 Instructor, *CEE 350 Water Resources Engineering*, University of Illinois Urbana-Champaign
Lecture course for junior-level undergraduate students in Civil and Environmental Engineering; Class content is an overview of hydrology and hydraulics; Evaluation: 4.6–5/5 (instructor), 4.5–4.9/5 (course)
- 2013–2014 Collins Scholar, Academy for Excellence in Engineering Education, University of Illinois Urbana-Champaign
- 2012–2013 Instructor and co-organizer, *Continuing Education: Water Technology & Policy*, The University of Texas at Austin
1- and 2-day short courses with the University of Texas Center for Lifelong Engineering Education
- 2012 Co-instructor, *TC 357 Water and Society*, The University of Texas at Austin
Discussion-oriented seminar format Plan II Honors course; Class included field trips, guest speakers, and a 25-page individual research paper; Evaluation: 4.8/5 (instructor)

Research advising

CURRENT PH.D. STUDENTS

Laura C. Gray; anticipated graduation: May 2025
Zahra Heydari; anticipated graduation: May 2024
Jenni Nugent; anticipated graduation: May 2024
Adam P. Sibal; anticipated graduation: May 2025

CURRENT M.S. STUDENTS

Riley Blasiak; anticipated graduation: May 2024

CURRENT UNDERGRADUATE RESEARCH STUDENTS

Bridget Friel; anticipated graduation: May 2024
Shivani Ramesh; anticipated graduation: May 2023

FORMER POST-DOCTORAL RESEARCHERS

Jorge E. Pesantez (Ph.D. Civil Engineering, 2021, North Carolina State University); Post-doctoral researcher, 2021–2022, University of Illinois Urbana-Champaign
Current position: Assistant Professor, California State University, Fresno, Fresno, CA

FORMER PH.D. STUDENTS

Christopher M. Chini (Ph.D. Civil Engineering, 2018; dissertation: “The Blue City: Urban Metabolism and the Energy-Water Nexus”)
Current position: Assistant Professor, Air Force Institute of Technology, Wright-Patterson AFB, OH

Lauren H. Logan (Ph.D. Civil Engineering, 2018; dissertation: “Integrating Thermoelectric Power Generation Operations with Aquatic Ecosystem Sustainability”)
Current position: Assistant Professor, Ohio Northern University, Ada, OH

William Naggaga Lubega (Ph.D. Civil Engineering, 2018; dissertation: “Managing Impacts of Hydrological Droughts and Heat Waves on Thermal Power Plants”)
Current position: Business consultant, Boston Consulting Group, Chicago, IL

Reshmina William (Ph.D. Civil Engineering, 2019; dissertation: “The Role of Reliability in Characterizing Green Stormwater Infrastructure in Urban Areas”; M.S. Civil Engineering, 2015; thesis: “Reliability Analysis of Green Roofs Under Different Storm Scenarios”)
Current position: Executive Fellow, AAAS Science and Technology Policy Fellowship

FORMER M.S. STUDENTS

Trevor L. Auth (M.S. Civil Engineering, 2019; thesis: “Low-Head Hydropower as a Reserve Power Source for Wind Power”)
Current position: Engineer, Hazen and Sawyer, Raleigh, NC

Zachary A. Barker (M.S. Civil Engineering, 2015; thesis: “Local and Downstream Impacts of Water Reuse at Power Plants”)
Current position: Business Development Engineer, Sensus, Morrisville, NC

Gabrielle M. Bethke (M.S. Civil Engineering, 2020; thesis: “Disaggregation and Classification of Residential Water Events from High-Resolution Smart Water Meter Data Using Unsupervised Machine Learning Methods”)
Current position: Energy and Sustainability Analytics Consultant, Guidehouse, Chicago, IL

Joseph Bongungu Loend’a-Namba (M.S. Civil Engineering, 2020; thesis: “Estimating Residential Hot Water Consumption from Smart Electricity Meter Data”)
Current position: Engineer, HDR, Charlotte, NC

James F. Canning (M.S. Civil Engineering, 2018; thesis: “Sustainability Analysis of Distributed, Green Stormwater Infrastructure”)

Current position: Engineer, Strand Associates Inc., Joliet, IL

Tyler A. DeNooyer (M.S. Civil Engineering, 2015; thesis: “Integrating Water Resources and Power Generation: The Energy-Water Nexus in Illinois”)

Current position: Engineer, Prein & Newhof, Muskegon, MI

Lucas A. Djehdian (M.S. Civil Engineering, 2018; thesis: “The Resource Demands and Water Stress of Cities: A Study of the U.S. Urban Food-Energy-Water Nexus”)

Current position: Director, WCS Brasil, Chicago, IL

Allisa G. Hastie (M.S. Civil Engineering, 2022; thesis: “Opportunities for Non-Potable Water Reuse in the United States Based on a Supply-Demand Assessment and Review of State Policies”)

Current position: Ph.D. student, Stanford University, Department of Civil and Environmental Engineering, Palo Alto, CA

Christopher S. Lee (M.S. Electrical Engineering, 2022; thesis: “Estimation of Residential Space Conditioning Parameters Using Smart Electricity Meter Data”)

Current position: Ph.D. student, University of Illinois Urbana-Champaign, Department of Electrical and Computer Engineering, Urbana, IL

Victoria V. Otrubina (M.S. Civil Engineering, 2023; thesis: “Recontextualizing Water Conservation in University Residence Hall Populations in the Context of Semi-Permanent Residences”)

Current position: Assistant Process Engineer, Burns and McDonnell, Chicago, IL

FORMER UNDERGRADUATE RESEARCH STUDENTS

Abigail R. Cohen (B.S. Civil Engineering, 2020)

Current position: General Engineer, Federal Aviation Administration, Washington, D.C.

Lauren E. Excell (B.S. Civil Engineering, 2020; First Place Ira O. Baker Award)

Current position: Ph.D. student, Stanford University, Department of Civil and Environmental Engineering, Palo Alto, CA

Brianna L. Freitag (B.S. Civil Engineering, 2018; M.S. Civil Engineering, 2019)

Current position: Engineer, DuPage County Department of Stormwater Management, Wheaton, IL

Mingming Gui (B.S. Civil Engineering, 2017; M.S. Civil Engineering, 2018)

Current position: Product Manager, Oracle, Seattle, WA

Rohini S. Gupta (B.S. Civil Engineering, 2017; Second Place Ira O. Baker Award)

Current position: Ph.D. student, Cornell University, Department of Civil and Environmental Engineering, Ithaca, NY

Yuxin Qu (B.S. Electrical and Computer Engineering, 2023)

Current position: M.Eng student, University of Michigan, Department of Electrical and Computer Engineering, Autonomous Systems, Ann Arbor, MI

Kelsey L. Schreiber (B.S. Systems Engineering and Design, 2016)

Current position: Research Support Specialist, Cornell University, Charles H. Dyson School of Applied Economics and Management, Ithaca, NY

Micah Stickling (B.S. Civil Engineering, 2018)

Current position: District Manager, Bloomington Township Public Water District, Bloomington, IL

Grace E. Wackerman (B.S. Electrical Engineering, 2020; senior thesis: “Using Socioeconomic Data to Predict Multi-Family Residential Electricity Consumption”)

Current position: Capacity Planning Engineer, Commonwealth Edison, Chicago, IL

SERVICE ON PH.D. COMMITTEES

Nidia Bucarelli Sanchez (Ph.D. Civil Engineering, anticipated 2024, University of Illinois Urbana-Champaign)
Dissertation: “Autonomous Systems for Energy-Efficient and Comfortable Buildings”

Andy Hur (Ph.D. Civil Engineering, 2023, University of Illinois Urbana-Champaign)
Dissertation: “Development of Novel Decentralized Water Reuse Schemes for Efficient Army Operation”

Jacob Kravits (Ph.D. Civil Engineering, anticipated 2023, University of Colorado Boulder)
Dissertation: “Multi-Objective Insights into Water-Informed Grid Operations”

Xinchang Li (Ph.D. Civil Engineering, anticipated 2023, University of Illinois Urbana-Champaign)
Dissertation: “Understanding Urban Climate and Energy Interactions on a Global Scale”

Patricia A. Malinowski (Ph.D. Infrastructure and Environmental Management Systems, 2017, University of North Carolina, Charlotte)
Dissertation: “Integrated Water Management and Green Infrastructure Retrofits in Urban Areas: Perspectives on Energy Savings, Water Quality Improvements and Economic Incentives”

Desiree Phillips (Ph.D. Electrical and Computer Engineering, 2018, University of Illinois Urbana-Champaign)
Dissertation: “Towards Joint Water-Power Electric Grid Modeling”

Meredith L. Richardson (Ph.D. Civil Engineering, 2021, University of Illinois Urbana-Champaign)
Dissertation: “Discerning the Thermodynamic Basis of Emergent Vegetation Structure and Ecosystem Responses to Human Perturbations”

Paul Ruess (Ph.D. Civil Engineering, 2022, University of Illinois Urbana-Champaign)
Dissertation: “Groundwater Use in the US Economy”

Majid Shafiee Jood (Ph.D. Civil Engineering, 2019, University of Illinois Urbana-Champaign)
Dissertation: “Towards Effective Use of Climate Forecasts in Agricultural Decision Making: Bridging the Gap Between Modeling and Empirical Studies”

Alice Strazzabosco (Ph.D. Chemical Engineering, 2020, University of Queensland, Australia)
Dissertation: “Integrating Renewable Energy Technologies in the Water Industry: Opportunities and Challenges”

Lufan Wang (Ph.D. Civil Engineering, anticipated 2023, University of Illinois Urbana-Champaign)
Dissertation: “Machine Learning and Data-Driven Building Energy and Water Analytics”

Qiankun Zhao (Ph.D. Civil Engineering, posthumous 2022, University of Illinois Urbana-Champaign)
Dissertation: “Data-driven reservoir operation modeling: hidden Markov models and applications”

**MENTORING SERVICE FOR MAVIS FUTURE FACULTY FELLOWS
UNIVERSITY OF ILLINOIS URBANA-CHAMPAIGN**

2017–2018 Reshmina William, Ph.D. Civil Engineering
2017–2018 Nicole Jackson, Ph.D. Civil Engineering
2018–2019 Susana Roque-Malo, Ph.D. Civil Engineering
2020–2021 Paul Ruess, Ph.D. Civil Engineering
2020–2021 Kevin Wallington, Ph.D. candidate Civil Engineering

**RESEARCH EXPERIENCES FOR UNDERGRADUATES PROGRAM SUPERVISION
CIVIL AND ENVIRONMENTAL ENGINEERING, UNIVERSITY OF ILLINOIS URBANA-CHAMPAIGN**

2015 Lucas Djehdian
2015 Rohini Gupta
2017 Gabrielle Bethke
2017 Mingming Gui
2018 Emily Fulton
2018 Allisa Hastie
2019 Lauren Excell
2019 Abigail Cohen
2020 Vica Otrubina
2021 Shivani Ramesh

**RESEARCHERS INITIATIVE UNDERGRADUATE RESEARCH PROGRAM SUPERVISION
UNIVERSITY HOUSING, UNIVERSITY OF ILLINOIS URBANA-CHAMPAIGN**

2015 Viviana Guaman, Civil and Environmental Engineering
2016 Alishba Rehman, Chemical and Biomolecular Engineering
2017 Allisa Hastie, Civil and Environmental Engineering
2017 Grace Wackerman, Electrical and Computer Engineering
2019 Helen Sun, Civil and Environmental Engineering
2020 Jeric Cuasay, Electrical and Computer Engineering

Service to the profession

UNIVERSITY OF ILLINOIS CAMPUS SERVICE

2018 Steering committee member, Illinois Data Science Initiative
2018–2022 Committee member, University Housing Advisory Committee

GRAINGER COLLEGE OF ENGINEERING SERVICE

2022–2025 Education Innovation Fellow, Academy for Excellence in Engineering Education
2017–2022 Mentor, Academic Redshirt in Science and Engineering (ARISE) program

CIVIL AND ENVIRONMENTAL ENGINEERING DEPARTMENT LEADERSHIP

2019–2023 Chair, Civil and Environmental Engineering Curriculum Committee
2019–2021 Program Coordinator, Energy-Water-Environment Sustainability interdisciplinary program, Civil and Environmental Engineering

CIVIL AND ENVIRONMENTAL ENGINEERING DEPARTMENT SERVICE

2021–2023 Committee member, Civil and Environmental Engineering Advisory Committee
2019–2020 Committee member, Civil and Environmental Engineering Department Head Search Committee
2017–2023 Committee member, Civil and Environmental Engineering Curriculum Committee
2017–2018 Committee member, Civil and Environmental Engineering Faculty Search Committee
2016–2019 Committee member, Civil and Environmental Engineering Interdisciplinary Oversight Committee
2016–2018 Committee member, College of Engineering IT Education Working Group
2014–2015 Coordinator, Civil and Environmental Engineering Interdisciplinary Research Summit
2014–2015 Committee member, Environmental Hydrology and Hydraulic Engineering Graduate Applications Admissions
2014–2016 Environmental Hydrology and Hydraulic Engineering Representative, Graduate Affairs Committee
2014, 2023 Coordinator, Ven Te Chow Hydrosystems Seminar Series
2014, 2016 Advisor, Illinois Water Day

EDITORSHIP OF JOURNAL PUBLICATIONS

since 2020 Editorial Board Member, *Environmental Research: Infrastructure and Sustainability*
since 2017 Associate Editor, *Journal of Water Resources Planning and Management*
since 2018 Associate Editor, *Journal of Sustainable Water in the Built Environment*
since 2018 Editorial Board Member, *Environment International*
2019 Guest Editor, Special Issue on “Technologies, Policies and Management Strategies for Enhanced Sustainability of Urban Water and Energy Systems”, *Sustainability*
2017–2018 Guest Editor, Special Issue on “Energy and Water Sustainability: Energy Supplies in Water Exploration, Production and Delivery”, *Water*
2013–2014 Section Editor, Energy-Water Nexus Section, *Current Sustainable/Renewable Energy Reports*

PROFESSIONAL SOCIETY SERVICE

since 2011 American Society of Civil Engineers; Environmental & Water Resources Institute
Environmental and Water Resources Systems Committee (Planning and Management Council)
Past Chair (2021–2022)
Chair (2020–2021)
Vice Chair (2019–2020)
Secretary (2018–2019)

Civil Engineering Perspectives on Food, Energy, Water Nexus Task Committee
Vice Chair (2018–2022)

Sustainability Committee (Interdisciplinary Council)
Past Chair (2017–2018)
Chair (2016–2017)
Vice Chair (2015–2016)
Secretary (2014–2015)

Member, Energy and Environment Nexus Committee (Energy Division)

since 2013 American Geophysical Union
Member, Water and Society Technical Committee (Hydrology Section)
since 2017 Institute of Electrical and Electronics Engineers
Member, Smart Cities Committee

- 2023 Engineering Research Visioning Alliance Engineered Systems for Water Security
 Member, Thematic Task Force
- 2017 U. S. Green Building Council
 WaterBuild Advisory Council member

MEMBERSHIP IN PROFESSIONAL AND HONORARY SOCIETIES

- since 2011 American Society of Civil Engineers
- since 2012 American Association for the Advancement of Science
- since 2013 American Geophysical Union
- since 2013 Association of Environmental Engineering and Science Professors
- 2012–2015 American Society of Mechanical Engineers
 Member, Energy-Water Interdisciplinary Council
- 2004 National Honor Society Tau Beta Pi
- 2004 National Honor Society Omega Chi Epsilon

MEMBERSHIP IN SERVICE ORGANIZATIONS

- lifetime Girl Scouts of the USA — lifetime member, volunteer, leader, Gold Award recipient
- since 2015 Girl Scouts of Central Illinois Board of Directors, Chair (2020–2022), Coordinator of “Girl Power” event at
 Abbott Power Plant (since 2015), National Council Session delegate (2020–2023)
- 2022–2024 McKinley Foundation Board of Directors
- 2014–2019 Faith in Place Board of Directors, Chair (2016–2019)
- 2018–2021 Boy Scouts of America, Cub Scout Den Leader

Consulting

- 2016–2017 UI Labs, Chicago, IL, USA
- 2011 International Research and Development Centre, Ottawa, Ontario, Canada
- 2010 Organisation for Economic Cooperation and Development (OECD), Paris, France
- 2010 ExxonMobil Corporate Strategic Research, Clinton, NJ, USA
